

Elektrobit

Alexander Kocher

President and Managing Partner

Alexander Kocher is president and managing director of Elektrobit (EB). Prior to joining EB in November 2011, Kocher was vice president and general manager of Wind River's Automotive Business Unit, a subsidiary of Intel Inc., for three years. Previously, Kocher held various business management, business development and R&D management positions for automotive infotainment and other software and product solutions at companies including Continental/VDO Automotive, Siemens Automotive, Infineon Technologies and Siemens in software and product solutions. Kocher holds a Master of Science in electrical engineering.
