

Elektrobit

EB Driving the Future of Software

Elektrobit (EB) is an industry leading supplier of automotive software and has a proven record in embedded and connected software development for over two decades. As a dedicated partner to the automotive industry, EB provides technologies and flexible software platforms, tools, and services to help automotive manufacturers and their suppliers to deliver the best products and services in order to meet the needs of drivers.

EB is cooperating with a community of industry leading partners like NVIDIA, NXP, Infineon, Argus, QNX and others to build the next generation of smart, flexible and cost efficient automotive software solutions.

EB is actively engaged in the ongoing development of important industry standards like AUTOSAR and NDS. Moreover EB supports all sector-relevant operation systems and industry standards i.e. Ethernet, Functional Safety, HTML5, GENIVI, Linux, Windows Embedded. EB has a longstanding experience with connected services in safety- and security-critical environments, ranging from navigation and infotainment to ECU and driver assistance.

Product portfolio and solutions

EB Automotive is putting carmakers in the fast lane with advanced products and solutions, and knowledgeable, global engineering teams for software integration.

- ▶ EB Assist - software solutions for advanced driver assistance systems
- ▶ EB cadian - remote analytics for connected cars
- ▶ EB GUIDE - a tool chain for multimodal HMI development for in-vehicle head units, instrument clusters, and head-up displays
- ▶ EB robinos - DNA for automated driving
- ▶ EB street director - scalable state-of-the-art connected navigation technology
- ▶ EB tresos - a product line of tools, basic software and operating systems used in ECUs, based on AUTOSAR and Functional Safety (ISO26262)

Services

- ▶ Consulting, Project Management and Software Engineering
- ▶ Development and Implementation of Embedded Software

Elektrobit

Key facts

- ▶ Business unit head: Alexander Kocher
- ▶ Headcount growth in 2015: 7,2 %
- ▶ Over 1,600 employees
- ▶ Quality management: DIN ISO 9001 certified since 1994, DIN ISO 9001/2000 certified since 2003, SPICE Assessments since 2005
- ▶ Over 90 million vehicles on the road and 1 billion embedded devices, powered by EB
- ▶ EB is a wholly owned subsidiary of Continental

Locations

Head office in Erlangen, Germany.

Subsidiaries in:

- ▶ Germany (Munich, Boeblingen, Brunswick, Ingolstadt, Ulm, Radolfzell am Bodensee)
- ▶ USA (Farmington Hills/MI, Bothell/WA, San Jose)
- ▶ France (Paris)
- ▶ Austria (Vienna)
- ▶ India (Bangalore)
- ▶ China (Shanghai, Beijing)
- ▶ Japan (Tokio, Nagoya)
- ▶ Romania (Brasov, Timisoara)
- ▶ Finland (Oulu)
