# Elektrobit Digital Life Experience

## Next-gen digital cockpit demonstrator

Envision

Design

Realize

Enhanced cluster instruments

Comprehensive infotainment system

LED ambient light bar

Complementary satellite unit

What is your vision? Contact us:

[sales@elektrobit.com](mailto:sales@elektrobit.com) • [www.elektrobit.com](http://www.elektrobit.com)

## Key features

Pillar-to-pillar,  
cutting-edge design

Theming  
technology

Comprehensive  
infotainment

Complementary  
satellite unit

Enhanced cluster  
instruments

Generative AI-powered  
cockpit customization  
via voice dialog

## Components

### Software stack

Elektrobit and Epic Games – joint excellence

- Elektrobit reference HMI
- Based on Android Automotive OS
- Unreal Engine 5 by Epic Games
- Elektrobit's Theming Engine

### HPC platform

- Latest Qualcomm SoC (system on a chip)
- Customizable middleware solution

### Display technology

- Pillar-to-pillar 3D glass touch screen
- OLED concept
- Flexible glass
- Haptic feedback functions
